

## **8th City Council District**

**Sean Gardner** (D)

Constituents of City Council District 8 I, Sean Gardner am a concerned citizen just like you. I grew up in Harlem and have served as the Senior Pastor of my church which is located in East Harlem for 20 years.

Just like you, I have lived through countless elections and have listened to politicians make promises that were not kept.

The economic down turn, housing cost, and the deterioration of our community has taken a toll on ALL of US. I work 3 jobs to provide for my family and times aren't getting any easier.

I see this endeavor to be the People's Candidate as an opportunity to do more than be another politician who make promises or reiterate the same rhetoric about reallocating unused resources. The issues haven't changed but things are continuously worsening.

I am not a politician but a hard working family man that has friends, family and constituents that live and work within District 8. Change begins with us and I'm willing to work diligently to ensure that together we accomplish the needed changes within City Council District 8.

It's my desire to work with each of YOU to make sure that District 8 surpasses its current state and that we surge a renewed vitality that last for generations to come.

I am Sean Gardner the People's Candidate for City Council District 8. Thank you for giving me the opportunity to work with You to implement lasting changes.
